

## **HARMONY SCHOOL SONG**

### **Verse I**

We love Harmony  
It's a happy place to be  
Never stop learning and having fun  
Laugh and play till the day is done.

Being kind is Harmony  
For the earth and you and me  
We care and love for everyone  
No matter who you are or where your from

### **Chorus**

**Going back to Harmony  
To see my friends and family  
Working hard and climbing trees  
At Harmony!**

### **Verse II**

Mine is yours and yours is mine  
We'll work together and we'll be just fine  
I help you and you help me  
That's the way it is at Harmony

Each day we're growing more  
Won't be long till we move on  
No matter where we go or who we'll be  
We'll always remember Harmony!

### **Chorus**

### **Verse III**

Rainbows and tie-dye shirts appear  
Kids planting in the earth around here  
I help you and you help me  
That's the way it is at Harmony!

Teacher's encourage and children create  
Field trips galore and studies are great  
No matter where we go or who we'll be  
We'll always remember Harmony!

### **Chorus**
